PLEASE HELP

"With what I have gone through in life, caring for five children in overcrowded conditions, regularly beaten by my husband, then depressed and twice tried to kill myself. My life was saved by Caring Outreach, this happened to me in London. Thousands are dying in Africa, decades of war,

tragedy of farming, disease, starvation, one child dies every few hours. I greatly need your help as an English lady for this project. No gift, donation is too small. £5 a month will help sponsor a child in Africa. Also, tractors, vehicles, medical equipment, computers etc are needed. Send your gift to our address as above, or call us to donate on your credit card. Thanks" Sharon.
